DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Regarding to claim 1, the prior art fails to teach a combination of the steps of:
providing a byte number corresponding to a start byte of each data segment to each of said data segments; wherein a reception party uses the byte number for calculating data length information, in the specific combination as recited in the claim.

Regarding to claim 2, the prior art fails to teach a combination of the steps of:
a second register for storing a byte sequence number indicating a start byte of a frame segment obtained by segmenting a data stream of the retransmission-requested frame into a transmittable size; and

wherein a reception party uses the bytes sequence number for calculating data length information, in the specific combination as recited in the claim.

Regarding to claim 5, the prior art fails to teach a combination of the steps of:
d) examining byte sequence numbers of the data stream included in the one or more frame segments, when the one or more frame segments are the retransmission-requested frames;

wherein a reception party uses the byte sequence numbers for calculating data length information, in the specific combination as recited in the claim.

Regarding to claim 6, the prior art fails to teach a combination of the steps of:
providing a byte number corresponding to a start byte of each of the one or more data segment to the frame segment containing the corresponding data segment; and

wherein a reception party uses the byte number for calculating data length information, in the specific combination as recited in the claim.

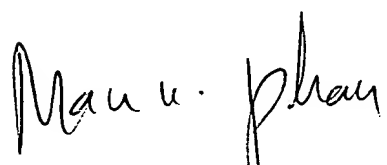

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Toan D Nguyen whose telephone number is 571-272-3153. The examiner can normally be reached on M-F (7:00AM-4:30PM).
